

Maximum security and flexible extension options

Access solutions from ekey

For Gira System 106 | TX_44 | 55 x 55 switch ranges

Five reasons to choose an ekey fingerprint scanner

From the idea through the patented algorithm to the finished product: ekey stands out for its end-to-end expertise. The result is secure, convenient and smart solutions from Europe's No. 1 for fingerprint scanner access solution.

Security without compromise

A sophisticated system with outstanding security and quality without hidden additional costs.

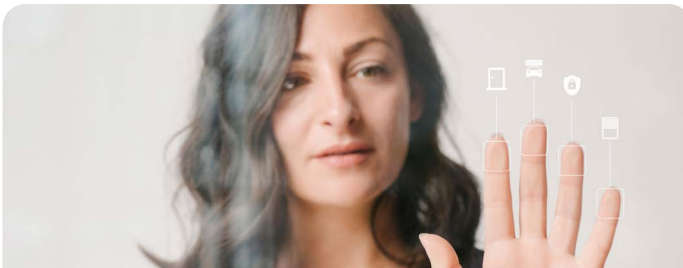

Seamless smart home integration

Connection to numerous smart home systems such as KNX in order to individualize building control on a person-specific basis.

Extendable at any time

The access control system can be extended to up to 20 fingerprint scanners by default.

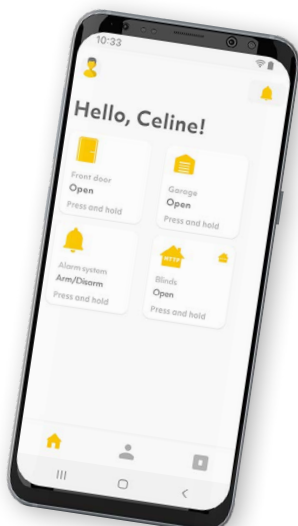

Different fingers, multiple actions

The second relay on the control unit and an additional extension module can also be used to open the garage or control the alarm system, for example, using a different finger.

Store fingers only once

Once users and authorizations have been stored, they work seamlessly on all devices throughout the system thanks to automatic synchronization without any manual effort.

ekey bionyx app

The ekey fingerprint scanner system is conveniently administered with the ekey bionyx app: Users, authorizations, access logs and much more at a glance!

You can find all the information at www.ekey.net/en/discover-the-ekey-bionyx-app or simply by scanning the QR code.

ekey sLine fingerprint scanner and Gira System 106

The smart ekey sLine fingerprint scanner meets modern design and advanced technology in the Gira System 106 door station.

Fingerprint scanner sets

How to install the ekey sLine

You can find a video on how to install the ekey sLine at www.youtube.com/watch?v=K8ONrqfHxTk or by scanning the QR code.

ekey xLine fingerprint scanner and Gira TX_44

Thanks to its integration into switch ranges, the ekey xLine fingerprint scanner blends in particularly aesthetically with the overall appearance of buildings.

203131

203132

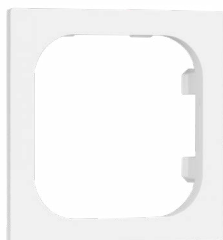

203133

Part no.	Description
203131	Gira xLine frame TX_44 for xLine fingerprint scanner, single, made of plastic, in aluminum gray
203132	Gira xLine frame TX_44 for xLine fingerprint scanner, single, made of plastic, in anthracite
203133	Gira xLine frame TX_44 for xLine fingerprint scanner, single, made of plastic, in pure white

ekey xLine fingerprint scanner and frame adapter for 55 x 55 switch ranges

Thanks to the frame adapter, the ekey xLine fingerprint scanner is compatible with 55 x 55 switch ranges from Gira.

203309

203310

Part no.	Description
203309	ekey xLine frame adapter for 55 x 55 mm switch ranges in white
203310	ekey xLine frame adapter for 55 x 55 mm switch ranges in black
